Ms. Emma Touger,
Mayville, N.Y.

Dear Madam:

I have seen Mr. Akum in regard to fixing up his building and he is yet undecided. He talks favorably of going on with the work if he can get a contractor to take the job at once and push it to completion at an early date.

He has instructed me to get a contractor at Chautauqua, if possible, as I think he will go on with the job.

Therefore you would better not wait on me but rent to some one else if you can. If Mr. A. does not remodel his building for me and your house is still vacant I might then rent it.

Yours truly,
Geo. A. Touger
