My dear Mr<sup>s</sup> Tourgee,

I thought I would  
let you know that we  
will let you have  
our house for \$400. for  
five months we have  
all ways rented just  
for the season as I  
won't move out for  
less than three

We leave the house just months & of course the  
as we use it. I only put longer you take a  
away a few little things house for, the less  
that I prize very much expensive it is  
& would not like to have broken so of  
course it's a completely furnished house, bed  
table linen ect I don't provide linen but cotton  
sheets ect. were quite satisfied as  
I did my best to make  
them comfortable I will  
do like wise for you

Some people like to  
bring & use their own  
bed & table linen

of course you can do  
so if you prefer it.  
but it makes no  
difference in the rent.  
as I provide them if  
you wish them.

If possible I wish you  
would let me know  
by return mail if  
you decide or not to  
take it, as I can rent  
for the season I must  
let the person know  
so if she can't get

our house they can  
try & get another as  
small houses are  
scarce & most places  
are taken before I can  
I would like to know  
definitely from you  
so I can make other  
arrangements for the  
season

Very truly yours  
G. Duncombe
