Public Library

(CARNEGIE BUILDING)

BETTIE D. CALDWELL, LIBRARIAN

Greensboro, N. C.

Oct. 30 1907

Mrs Emma K Gougee

Mayville N. Y.

Dear Mrs Gougee;

I write to

thank you in the name of our library for your kindness in sending me a copy of the "E" Letter through Mr Dan Hopper.

We are trying to collect N Carolina history in every way possible and have been especially anxious for the rare pamphlets.

I hope you will be interested in the copy of the New York Library Journal of last October which contains a little history of the new library in Old Greensboro. I will mail it to you today with many thanks for your kindness and say as I have said to so many friends of the Old North State we would greatly appreciate any other duplicates which you may ever have to

give away.
Everything we have here is in use for
reference that our town is a local
centre and we find calls for all the
history it is possible to obtain.

You will be interested to hear that Dr. Stone
has announced fresh interest in
"The Folsa Errand" in our library - I presume
that it is the same in other towns as
well. The copy we have is always in
circulation.

I wish you could see our work and
the changes in our town since the
old days. We have a County Historical
Association now with headquarters in
the library.

We hope to print our first annual
pamphlet at an early day and if you
care for it I will be glad to send you
one of them.

The older citizens are writing for us the
history of Schools - of the Bar & in
Gardford County. We hope to print
before Christmas.

With our sincere thanks

Yours very truly
Arthur Caldwell
