The Detroit Photographic Co.,

Detroit, Mich.

Gentlemen:

Your name has been given me as a Company who make the best Postal cards in this country. I wish to have some cards printed from an old photograph of "Button's Inn", as we have gotten out a new edition of my late husband's novel called "Button's Inn", from the old hostelry on the road between Jamestown & Westfield, along which now runs a very popular trolley line passing right by the door of the site of the old Inn, which was pulled down many years ago.

Please give me any information you are able as to how to proceed in this matter, cost, etc. We have already copyrighted the photograph.

I am, gentlemen,

Very truly yours,

Mrs A. W. Tourgee,
Mayville, N. Y.
