Gentlemen:

On my return from a three weeks absence, I find awaiting me your favor of the 16th inst.

The copyright of the "Button's Inn" postal card was registered some months ago. We have only to deposit two samples of the cards when printed to complete the copyright. This of course cannot be done until they are ready. Your inference was correct about the title, etc.

I am, gentlemen,

Very truly yours,

E. F. J. —
