Dear Mr. Gougeon

Apr. 4/08

I have your note in regard to the office building matter and would say that I had engaged Mr. Howard to attend to it - and made an appointment with him - to meet me there and I would show him what was needed - but I missed him in some way - I have written him again to come this Monday - if possible - as soon as he is through I will have a woman come and scrub it out -

I have forwarded your line in regard to the light bill to the Village Clerk, to bring before the board - as Treasurer I have no authority to adjust claims -

Very truly yours
C. R. Cipperly
