Tuesday p.m.

Mr Lewis Smith,

Mayville, N. Y.

Dear Mr Smith:

I am having my lawn graded and flower beds arranged at no little expense. Your chickens have already annoyed us very much and I must now ask you to keep them at home by shutting them up as I cannot have them picking up all the grass seed again and otherwise doing great damage to my beds.

Should they still continue their incursions on my lawn, I shall protect my property from them as best I may.

I am, Sir,

Very truly yours,

P. S. I must ask that there be no delay in this matter.

Yours,
