

from Heaven for we all loved you
and the Judge so much. Yes dear
Pa & Ma have gone to their rest -
Pa has been dead 12 years. Ma 10. no one
knows how I have missed them they had
to be taken so much care of so it really
was harder to part with them because
we never left them. All four of our
daughters are living together. Hattie
married just one year before Ma died
and she could not leave me with
Ma alone so her husband & 4 children
came and made their home with us
he was a widower you remember the
Vernons at the Deo just there was their
brothers Robert George & Tom well
this was George. We added some

to the house, Libbie & were both
widows they had some money so
she build 2 rooms on the house as
we thought it best so we could look
after her Libbie poor dear she hasn't
a cent, her boy just as she had given
him a very good education just
18 years run away and married it has
ruined Libbie's life while she is jolly
at times and has a sweet disposition
she worries over him he is in New York
with his 2 children he cannot help her much
so she stays with us in the winter &
with her sister in law in the summer
most of the time with us. I ^{of course}
live with Hattie and do pretty much as I please
without any money to spend. I try to help Hattie
all I can the children are all grown now one boy
in Washington the other boy helps his father

at the depot. The oldest girl is at home
Lettie has a place in one of the Banks doing
very well, Hattie and the youngest Boy & girl
have gone on a trip to Hot Springs Ark
to see the country and a change for
them Hattie was chosen as a delegate to the
Womens Mission Southern States and so she
thought it wise to take the children
as they had to pay Board any way & they
wanted to go some where they are all
very fond of her they only went this morn
So Lucy & I are keeping house. Alfred Sambon
our Brother comes over week he has a wife
& 6 children I married. Langer Ball & wife
were in Greensboro last winter but we
did not visit them we called but they were not
in. Longbees have moved your house back
and are living on the cross street - called Long
so your place is a corner lot - now one of
the prettiest lots in Greensboro worth 10.00
so you know it is a handsome lot. We have
the Street Cars on Ashberg street a very pretty
place. A headroom I school down just the
next lot north of yours where the
Hedge was.
