Tuesday p.m.

Dr Raymond Granger,

Jansatown, N. Y.

Dear Sir:

I wish to inquire if you did not put up in the kitchen of the Apartment which you occupied in the Thorheim some shelves on each side of the sink? I have a distinct recollection of seeing shelves there after you had moved out and before Mr Nelson moved in. Mr Nelson took these shelves away and informs me that he put them up. It is a very small matter, but still I would like to know about it.

In the inventory which was taken of the Apartment before you went in, there was noted a shade and rollers--fixtures complete--in the bathroom. Mr Nelson says there was none there, and as the Apartment was not minutely examined after you left, I could not say that he was not correct, yet I cannot possibly see why you should have removed the shade and fixtures, and as I understand Mr Nelson, disposing of the lace curtain you had put up in the bathroom, to them. If you did take away this shade, I would like to know it. This is also a very small matter, but one I am interested to understand about.

Trusting that I may hear from you on these matters, I am,

Very truly yours,

E. A. J.
