Washington, D. C., July 23, 1908.

Mrs. Emma K. Tourgee,
Mayville, Chautauqua County,
New York.

Dear Madam:

The water bills as described by Mrs. Warner as to dates are correct. The smaller bill was for the quarter ending June 30, 1908. The Water Department has issued a new order requiring all water takers ^{who} to receive water through a meter and to pay a minimum charge in advance. This minimum charge is \$4.50. If more water in value is used than \$4.50 worth for the year ending June 30, 1909, the Water Department will send you a bill for the over-plus.

Trusting this is a satisfactory explanation, I am,

Yours very truly,

Office of Thos. W. Smith,
Corner 1st & Indiana Ave.
TWS-SBD.
