Mrs. Emma K. Tourgee,

Mayville, N.Y.

Dear Mrs. Tourgee:-

The crab apples arrived on Thursday by Penn. R.R. and as I feared, were in very bad shape, all roted and unsaleable. I had the claim department of R.R. inspect them and note the condition, then gave them to one of the charitable organizations, the only way to get rid of them without sending them to the garbage pile. Very unfortunate to have the deal turn out this way, but it was beyond my control to do differently.

Yours very truly,

Geo R. Whitney.
