Mrs. Fongee

Dear Madam
I received your letter
last night. I give the
reading of the meter to
Mr. Haselburg do not
know now what it was,
I do not understand
why you thought I put
in a new meter as they
belong to the village.
The books should show
if meter was read when
Telephone Co left.

if so and you do
I don't think you used
so much current
you should ask to have
the meter tested
if they will not test
it the utility concern
will id. expect to be
in 27 days. soon after
the 1 of Feb if any more.
Advise I will handle
give you - yours.
