Miss Aimee Tourgie,

Mayville, N.Y.

Dear Miss Tourgie;- In reply to your card of recent date I would say that on the first of every month the editorial department furnishes the business office with a list of checks due, and these are then sent out sometime during that month--usually about the fifteenth. Thus your article about Barcelona was on the list that went to the cashier today, it having been published during January.

I have not yet received your cover.

Yours very Truly,

S. W. Apple
