

Sunday, 2. p. m.  
Homeopathic Hospital  
Pittsburg, Pa. -

Dearest: Yours of Saturday  
noon came this a. m. You  
surely had quite a walk on  
Friday - and I know you  
enjoyed it in spite of your  
com. - such a change from  
Mayville! Too bad Aunt  
Beasia isn't well. Uric acid is  
the devil. She ought to drink  
all the water she can and  
take a daily 20 minutes  
tepid bath. I was interested  
in the Mulla Kidnapping  
case. I'm sure you will be glad  
to see Mr. Pinsky. Drats

extends any hospitality to  
her, though, unless she  
does something for you  
first. Have you seen or  
heard anything of Cousin  
Dinecrop or his wife?

Today the "Daw New Day"  
was published. No cop-  
ies came from Mr Hipple,  
forwarded from Mayville by  
Aunt Davie, to me here.  
Will you please write him,  
as if they were forwarded to  
Washington. Thank him for  
them and tell him where  
I am & how ill? And

please say that you hope  
his next letter will be  
accepting the serial.

I had an average night  
last night - but seem  
to have less headaches  
today. Cousin Sarah came  
in for half an hour and  
brought some chicken  
jelly. Please send me  
a box of charcoal tablets.  
The Dr. said I might  
have them. Carrie  
telephoned she would  
be down. It is melts  
and cloudy today,

You seem to have quite  
sharp weather in Wash-  
ington, don't you?

Please give my love  
to Aunt Bessie.

Devotly yours,  
Aunt - S.
