Dear Madam:-

Kindly refer to your letter of June 3rd addressed to the Agent, B&O R.R. at Washington, D.C. and my letter same date addressed to you with request that you have the Furniture properly repaired, and let us have your claim for the cost of the same.

According to your letter of the 3rd it looks as if you were able to have the necessary repairs made at New York, if so there will be no need to return the packages to original shippers at Washington for repairs.

When filing your claim, support the same with the expense bill and an itemized statement showing how the amount of your bill is arrived at .

Yours truly,

F.C.A.
