PERKINS HILL

Alton 6 Jan 6/10

Dear Mr. Fugie

Yours of the 31st Dec
received & am glad to know from
it that you are so much better
in health & hope that soon you
will have entirely recovered. I also
received the copy of the Buffalo
express & read with great interest
the account of your hurried
trip to America. - As to my indus-
tries - while I would be glad to
have it closed up, I don't want
you to make any sacrifices to
enable you to do it. Mrs Perkins
& myself will start next week
for a three months stay in
Southern California - & get rid of

So far as we care of the
very disagreeable winter weather
we are having which gives
promise of continuing. My
address if you have occasion
to write me will be "The
Potter Hotel, Santa Barbara Cal.

We are all well here with
the exception of myself. I
have been quite out of sorts
for some time - but better

Now write mine regards

Wm. Perry
