

My dear Mrs Touze:

I have yet no appreciation
of your Mrs. to send you,
Nor acceptance, I think it
is vacation time and
brains are at a discount
Surely the article is most
interesting to any one
not too callow for words.
How the day with you
does stand out in my
memory. The beautiful
view, the fine air, the

relatives, and friend even
closer than blood, and
last, but not least, your
own self, companion of
mine to the end of your
days, you have been used
to strength so long you
can now be made, then
then an all the pictures
to recall your many,
many, happy days, that
a storehouse your memory
is? I hope these beautiful

days mean much to you in
health, strength, peace.
Remember me to all and
believe me ever

Your friend

Albert K. Cook
