

(2)

Is so strongly Democratic
They don't realize the effect
that a 2/3 of an honest
vote in seven states counts
in Representatives as they
plus for the whole entire
People's representation =
They don't realize that it
practically disfranchises
all New England and
half of New York
and yet our leaders in
Congress being those are
being insulted by their
brags over doing it and
even being defied to
help themselves if they
could have held their
place like a dumb

Mummy a wooden
man - And with a
Majority in both
Houses and a Repub-
lican President and
Cabinet = produced
an abortion strangled
there future hope and
there only future hope
and hurried it like a
fool = Then the people
showed them what they
thought of Mummy by
stealing at home =
Then the Democrats saw
there discontent and
sprung the Alliance
game all over the country
and tried to take a
short cut and steal
Connecticut and New
Michigan and Ohio

It all come out of
Republican Covena-
nt = they had failed
with all their abuse to
awaken them up to
a sense that they were
being imposed upon =
And so Mummy on a
more wholesale method
by stealing a whole State
at a lick = The West
is a bit snuff and slow
and quicker than the East
but the East once aroused
red rolls up the Count
Faith without works and
eth nothing = Prayer is
Heartfelt desire and only
accomplish something
By the wiggles in his work
I want you to take hold
of the Principals and

practical workings
of this Representation
Question and show it
off in the most selfish
light possible so that
every living voter will feel
that he never yet had
a vote that was counted
show him he is a conceited
fool content with being called
a Citizen and being allowed
to cure his egotism by
being allowed to creep into
a box all alone put a
Printed vote in an envelope
seal it up and put it in
a slot then he struts away
a born King while they
laugh and destroy his vote
knowing full well he has
not the sense to say a
word - nor his party
either - and you ask me
