

(3) To vote with them is  
longer because they are more  
or right - than Democracy who to say the  
least have the courage  
of their convictions and  
never leave a stone unturned  
to accomplish their  
end - while the Republican  
party has completely  
ruined every end  
gained by the war  
and every drop of blood  
all the millions of money  
and all the anguish of  
the millions of souls  
counts for naught  
but renewed anguish  
or defeat and deeper  
woes - The Lep's shorts  
said about the digger the

better only as a selfish mea-  
nness to an end = that he alone  
enabled them to whip the  
Scouts in the field and  
he alone can enable  
them to outnumber them  
in votes = then he would  
look so black our smell  
so strong = this is the error  
of self we are all frogs  
and women has got at  
our pockets through the  
gate of our stomach =  
how will we get managerial  
when their own pockets supply  
their needs = I have not said  
any woman's names for the  
simple fact that they lack  
the visible force to back them  
up if sent - when they get so  
they can scratch and bite  
and defend their names then  
I'll take them down yours truly

(4)  
You can handle this  
Question = You have done  
Splendid with a big S  
but I have waited a whole  
Year to hear you get  
onto this feature of the  
Case = The selfish  
Aspect = Men are all  
Self now = And women to  
And its credible = You find  
a fool is content with what  
they don't want =  
When people see and know  
what they want they will  
have it = You bet =  
Give us dates and pages  
for misrepresentation  
Show us what we have

had = what we have  
got = how we come  
by it = what to do to  
get rid of what we  
don't want = and  
what to do to get  
what we do want =  
I've cut the Nation-  
al Citizens Association  
up in to little Squads  
as small as one  
whole = Its little petty  
leaders with 7x9 Souls  
They ruin every thing  
If we had had a little  
Poor Cheat Governor here  
in Connecticut the State  
would have been passed  
over in to Democratic  
hands and there would

Have been no decision  
of the Court - at all -  
we made men with  
Arms men with Sand  
men with money to  
hold responsible  
positions - then we  
want to tell them what  
we want - and then  
we want to back them  
up with a vengeance  
then there will be  
Majority Elections  
by the People -  
while the Leaders stand  
by their convictions  
the People rolled  
up Majorities
