

es. C.

Cane Creek Chatham Co.

Mr A. W. Jorgensen Sir

What sort of
a Country is ours coming to
to Lett a man go on as one
Thomas Hadley has bin going
on towards Franklin Sindler
and family, making threats
and going to Franklins Sindlers
throwing rocks through the glass
windows breaking them all to pieces
cripling Franklin and putting
his family all most out of their
right mind and after that
meeting Franklin in the public
k Road picked up two Stones
and swore if he Franklin didnt
stop he would knock him off
his horse, Tom told Franklin
that now one could return it
to Court only him and if he

He did he would kill him and told some others that it wouldnt be good for him if he did go to Pitt borough and return him Franklin told me this morning that all kept him from going to Court and returning it that he was afraid of Tom killing him or doing him privately for Tom has said that fire and blood should be the end of this thing, now what sort of a state of things is there to be in Franklin and his family is constant uneasy, and the present Court has just past and nothing as we hear of has been done with this fellow Tom, not with standing both of the Town Ship Magistrates now

all about this affair and have for some time, and the Constables also now all about the affair but none seem to do their duty, Now Sir I write these things to you for the satisfaction to Franklin hoping that if there hasent been something done that you will see in to this affair and put it in force for just such conduct ought not to be let go on, Franklins house with all its contents smoke house also has been burnt since Tom has said that fire and blood should be the end of this affair, now all I know about these threats only I saw the stores that he Tom threw

thro the window and
I saw the glass was shattered
to pieces and only that is
what Franklin told me which
here said wont do in law
but for witnesses of these
things Sumner or Callon

Franklin Lindley
William Marchal
General Burnett

pleas write me concerning
these things by return mail
if ther has or can be any
thing done be fore a nother
term of court

your respectfully

C. L. Lindley J^r
