Julius H Gray Esq:

Dear Sir:

I will take the house and lot, as I leave early on Monday morning, it will be impossible for me to make the payment and conclude the purchase until my return from ~~Chatham~~ Chatham Court. I would like to set my man at work at once to fix up the grape-vines and some other little jobs on the premises.

The horse I am very sorry to say, has a very bad eye which so seriously affects his value that I could not pay the price you think him worth. He would make a splendid match for mine were it not for that defect. I am very sorry indeed that it exists for it is no little disappointment to me.

Respectfully
A. W. Tourgee

Julius A. Gray Esq

Dear Sir:

I will take the house and lot at \$3500. — As I leave tomorrow night, it will be impossible for me to make the payment and conclude the purchase formally, until my return from Clutham Court. I should wish however to have my man go on and fix up the grape vines and do some other jobs about the premises at once.

The horse, I am very sorry to say, has a very bad eye, which so seriously affects his value, that I could not afford to give anything like the price you demand. It is very nearly blind. I am sorry as he would otherwise make a capital match for mine, and I was very sorry to —

Respectfully

A. W. Tourgee
