

Pittsboro  
Sunday Nov. 21-

My dear wife - There seems to  
be a prospect of some good weather  
now. I went the rest of the  
piece east of Slown's plowed  
and the one east of the barn.  
The latter I went plowed  
north & south. I went Billy  
& Jan to be used principally for  
plowing - I don't know  
when this will leave this con-  
founded hole but probably  
before I do. I shall be here  
two or three days yet -

Yours Hurst
