Judge Lungee
Greensboro, N. C.

Dear Friend,

I desire to call your attention to the enclosed extract from the "Raleigh Sentinel" of to-day: particularly to that portion republished from the "Winston Sentinel."

The high opinion I have ever entertained of you as a gentleman of veracity induces me to believe unhesitatingly, that you never made the declarations attributed to you by the "Winston Sentinel."

Please inform me at

your early commences,
how much of truth, if
any there be, there is
in the enclosed extract
in so far as it represents
you as having made
certain statements.

I am very sincerely,
