

Pittsboro Dec. 21st 1869
Hon. A. W. Tourgee
Governor
N.C.

My Dear Sir

Your letter of Dec. 10th reached me in due course of mail but I have been waiting for the return of the judges in the cases of Horace Fiske & John D. Villenah Advor. of W. V. Keli. And Mary Fiske & John M. Green & others. These judges reached the office of the Clerk of the Superior Court on yesterday. Indeed you will find exact copies of them. By them you see that you have done what in your letter of 10th inst you said you did not mean to do. These judges are conclusions first. As to the construction of the Report you refer to the question of judicial

Therefore 3^d St. Marcellus is a
personal judge in the Roman
Encyclic because it carries the
of a despotism.

Whereas I concluded 1st that the
Report in the May 18th case
proving Condole does not fix
the Encyclic with effect, does not
charge him with a despotism, but
my judge that certain Card. remain
unmoved relating to the relation
which the Enc. are now fixing
petition to read.

2nd I concluded the very judge.

Your Honor can give in the case
is the one presented for the settlement
of Estates of deceased persons, and
that it amounts to nothing, so far
as making the Encyclic personally
liable until after all account by
the Judge of Probate and fixing with
effect and a despotism.

But the Judge of Probate says

20

then for the personal representations
with a full sufficient liability,
debt and credit being a constant
whenever I conclude that the only effect
of a judgment now is to ascertain
and fix the debt against the estate
but does not decide at all the
question of assets or no assets
but that this question comes up
on the account of the judge to
Kastali.

Of these judges I find I see no
way that the Exchequer can
do for themselves but by a payment
of the judge which is manifestly
sufficient and against legem scriptam
I think therefore the question I submitted
to you in my last was pertinent.

I see some newspaper writer who signs
himself Chatham has been making you
the hero of a conversation at Burke's
table. In the conversation given correctly
I wish all newspapers and news writers

non la Klued, provided I believe
at all in that way of rightly things.

My Dear,
John H. Manning

P.S. I think now that all
our discussing ~~the~~ Reports
of accounts taken in cases of
Executors and Administrators
at our best best was further
much time thrown away.
John
