Hon O W Sarge

Dear Sir;

From an intimation I have from Mr Boyd I fear that you are hesitating about giving me the appointment of Clerk for this County. I confess frankly that from a weakness of my own I have allowed myself to get somewhat behind, and as a consequence of this I have given way to the trouble it occasioned me ~~for~~ much. And were this all I would cheerfully abide the result without one word. But I feel that I owe it to myself family and friends to at least make an effort to retain my position. I am sure that you have no feeling in this matter except to discharge a grave duty devolving upon you as the result of the action of the Board of Commissioners; therefore I feel that I can with confidence rely upon your impartial consideration of the matter.

I have made arrangements entirely satisfactory to my sweeties, and hope that whatever may have been my shortcomings in the past, that a faithful discharge of duty in the future may blot them out.

I am Sir Yours Truly
