Mr W. H. Wright

Dear Sir,

I learned this morning, by a reliable source that John Barbee and Newton Rite were both at Uncle Simon Hornaday's on the 21st of this month. Uncle Simon Hornaday lives in Hendry County Indiana at Carter's Burg on the Indianapolis to Sura-hant railroad. Those men did not tell why they left this country when they were there.

Uncle Simon is one of the greatest friends the united States has, and will give any information that is in his power of the above mentioned men. There is no doubt but they are in that section yet. as they have quite a number of acquaintance in that country.

I should like to write more to you but have not time at present.

Yours truly,

Geo. Stafford

P.S. There is a telegraph office at Carter's Burg.
