I put this in one of the newspapers which
you have not read I think so you

I was going to be sick sure last night but
am as bright as could be
wished - [redacted] - I had a cold
last [redacted] - it all away
during the night - I expect to get a
long and delicious letter from you
today to pay me for not being with you

yesterday - I know it is hard my
dear, but never mind I am get-

That [redacted] quite a comfort that.
At least [redacted] nature some def-
inition of [redacted]

Allen W. Torrey

P. S. I have forgotten to ask before - How did you like
my "I [redacted] in" article and was any
correction to the Advocate ever
published? You may not have read them
but look over the Advocates, if you please
and see -
