Dear Judge

I was very sorry to learn on my return that you had gone. Last week Monday there was a fire in Scranton which required my immediate attention. I accordingly went, taking my wife - visited my ~~of~~ several agencies along the road. At Muncie I sent you a postal card which I suppose you did not get. On Sun and Sat back I visited your late boarding place & found your note with the books.

You received no attention from me while here that should "raise up accounts of gratitude" & I am very, very sorry that you were so neglected in your affliction. but fires will come & when one has a Dutchman for an agent, he has to attend to the adjustment himself, or be skinned.

Was glad to learn that you got along nicely with your eye & had the new optic successfully inserted. though I had hoped it would occasion you another visit. Regards to Emma & all friends.

fraternally

J. R. Warner
