Dear Mr. Morse

Enclosed will take up the subject of  
and you will see what I have to say  
on it. This is my opinion of course  
of course I have no more than  
such knowledge and interest as  
I desire. But as far as I go, we  
have some place where we have  
a class room, & one responsible  
independent of any school, who  
is to give us a good education  
- professional and scientific  
and technical and literary  
- or some other place where  
it would be well calculated to give  
us a good education and education

I am now cook & the meal or dinner  
I am busy preparing to get to brook  
and that town soon. This will be the  
find me right situation. I am

possibly your friend hasn't gone  
away from you. And as edge of the floor of entabed hole  
I like the idea of working here.  
more food easier to eat, however  
I am going to have night in mind I would

I am going to have a good deal of time  
from a moderate sized  
field and teaching in a dormitory. I have  
here all the facilities need  
above free & if possible will be  
seen immediately. Please write again  
in a situation and find  
look out for a new field.
