Another — my month you send me a long list
of discounts extra ammunition extra discount etc.
That must stop — when we sell to you at 25%
we want it understood that that is the bottom
figure — and we will discount any more than that
in shipping boxes or anything else, please do not
forget these. Those #2 Rock that you charged me $108.00
per dozen — could all have been sold in New York
at $75.00 — We just sent them to you as an accommodation
as you said you were all out of Rock. Will cost $1.00
per doz by the operation. Almost feeling that order of
yours, It will probably take me 6 weeks — had there
been more Eagles and not so many #1 #2's — would
have filled it sooner — We have put the new shaft in
our Engine and will start up next week. Enclosed
