Dr. J.

We recd a letter ...
of our best customers with the following complaint:—
"We are very much disappointed at not receiving the parcels
"more promptly and the parcels already sent you had better
"and trace after as we can hear nothing from them. they
"have not arrived in Boston yet. and we have had to give a large
"order to another party to keep going. These parcels
"have been a month on the way. and as there is so
"much trouble and delay in getting goods from your
"place we shall have to give it up unless it can be
"changed." — This refers to a lot shipped another day &
"Monday. N.B. See 24-72 — Please attend to this —
