Gentlemen

Yours of 19<sup>th</sup> July 27<sup>th</sup> recd.

with order for - 10 cases #1 Pick  
 5 " #2a "  
 10 " #2a cap 36"  
 5 " #4 #2a 36" Small end  
 5 " #1 " 36" " "

Found enclosed invoice of 10 cases of lumber shipped today.  
 The Q on invoice signifies "Green Rotem". As regards  
 bucking planks, will say - there is a saw mill within  
 200 feet of here, but they cannot do anything sawing  
 buck. plank. as the bucking trees here only grow about  
 six and seven feet long before we branch out - all  
 the timber on our lot is cut close to the ground and we hardly  
 ever get more than 1 cut to a tree - there cannot be any-  
 thing done in buck. plank in N.Y. - we should want to get  
 ready running - Yours truly  
 J. M. Peck & Co
