July 28th 1883

Friend G. M. Gulliver

You note us July 20th
 calling as follows - "what will you charge
 for 1000 lbs. hds like those sent today
 or much dishing hds like one sent July
 15th -" We suppose you have sent no samples
 and have them at the express office every
 train since we recd yours letters but have
 not recd any samples - If you sent them
 you better put a tracer for them -
 Your 20" much them are all cured ready
 to ship and the 15" one nearly all ready
 to cure up -

Yours Truly
