

March 13

Dear Mr. Reynolds
I have the pleasure to inform you that the samples of #1, #2, #3 & #4 for 30° Ck are not
found in fitting the sample handles
into our gauges that they do not fit at
all - please send us by post express
your different gauges of each and
hatchet - send the case one - and
pack as soon as you can do so - you
will understand we want a check
iron gauge to fit the handles into,
would it not be a good idea to send me
one of each of the gauges of 45° - that
is send the case themselves? - Please
give it your immediate attention

Yours faithfully
