Gentlemen

I am in a locality in your city who have been dealing on low grade handles and who is still anxious to keep on selling them — His trade is among the coal and miller race men, We wish you to write me at once in regard to this and say if you have any objection to his continuing selling for us — his trade is principally in the 36" size — occasionally he has to put in a few 34 + 41 — to make them go off — His name and address is C. M. Allen 52 Maiden Lane —
