our letter of 1st inst. and send in full particulars
 the same are again - We would like to see the
 immediate attention, as the factory is situated
 about 60 of our men taking care - We are pleased
 to tell our value and every day - as a very heavy
 loss, We did not know until today that the pipe was
 the same as our old one but it looks suspiciously
 be all right. We think our people and look down on

the present pipe and found on trying to make our new connection
 that it was wrong - We cannot start again until we
 get the new piece - Please hurry it up.
