May 9th 9

A.T. Page Esq
Cary NC

Send us by first frt.
1½ Car loads – ¾" Pine Lumber planed
½ " " 1" " "

We want this Lumber sent the
exact size we name – the last lot
was very badly sawed. Some of it was
only ¾" while a great deal was 1¼" & 1½"
We do not want any thicker than 1" –
as we do not want to pay frt. to Boston
& Ny. on lumber. Advise us by return
mail when we can expect it – we will
have to buy elsewhere if we cannot
furnish it soon – Let us have it in the
proportion named – that is one and a half
Car loads ¾" and half Car load 1" –

Yours Truly
McClintock
Pres.
