awfully anxious to sell handles if they get them
they will put all their handle Letters on them
even them right out they will write to them
about them & we here will have nothing to do with
them we told him they would be 25 ℔ Alexandre

do it I will go up & see know & see if they can
get from them We will have that Work gotten
turned at once for Letterhead We have sent a
strong letter of remonstrance to the R&DR R in regard
to the change of Tariff on our freights & if that
