I have the honor to acknowledge the receipt of your letter of the 11th inst. in relation to the proposed arrangement for the purchase of the land in question. I am glad to hear that you are so much interested in the project and that you are so anxious to see it carried out. I have no objection to the arrangement proposed, and I am sure that it will be successful. I have no objection to the arrangement proposed, and I am sure that it will be successful. by this that they should at be the regular practice but that you should not send for any thing that might chance to come along whether there was any money in it or not. You can see how an arrangement of this kind would trouble us for instance you might want twice as many as we had which you know would be utterly impossible for us to do & live. Now if you can make such an arrangement I would be the 2500th in what we can reach business this fall. You know that if its necessary, we can almost double that. You do not say any thing about returns but our expected returns would be made monthly on the sales. It seems to me that this would be a magnificent & magnificent arrangement for both Green & ourselves. Now let again Green to understand that we have got to sell more hands in Texas if not than he is selling & if he does not go into an arrangement with a country that meets us we will do it ourselves. I am sure that they need to sell more direct from Galveston in Texas than he has been selling from us. I am sure that we will make any satisfactory arrangement of all this as you said in your letter. Set what you can do somewhere else at me get an office & have some of us go to work for you.

Yours truly
