Speak out of the business just as fast as we collect it
about for Sir Thos is to explain a case that was clear read
but we cant understand what Green proposes to do
what proportion of the profits does he want & what Commission
does he want the house to have & is it a fair one & if
so we shall in the profits of the whole business as just the
same. Let us all about it we are getting anxious to know
something & have something done so please let us know as soon
as you can whether he wants to be got a definite proposition
from him we have no doubt but we can make an arrangement
if he will be tolerably fair reasonable. It is time to commence
if we are going to have started to this at once

Yours Respectfully
