Mr W. W. W. W. W.  
by the way

I was very glad to hear from you this morning through your letter of the 12<sup>th</sup> - I have heard for some time that you had a big thing up in the country. I have not seen him for a long time but have heard of his description of it. I have seen for the barrow an Engineer at this place who has been engaged at running machinery both in this state and California for twenty years - is experienced and very correct and sober; and I think he will suit you; There is several stone masons and quarry men in this neighborhood who I will tell as soon as possible - We are pushing
