We understand that you are
going to advance your piece of hardware - We
thought it advisable to send you our new list
so that you may know what our prices are -
The maker has sent a new list about the same
time - Catalog of Newark N.J. is getting out a
new list about the same or over - Let me have
one of your present lists, also send your new ones
when you think you have them - The same as our
Catalog - as you have paper about the same - We
mentioned to me the name of the maker - He had written
he was going to answer for Exeter N.H.

Yours truly

Ernest ...
