Dear Judge Towgel,

You see it at hand.
I sent by express last
eveny. Three (3) eyes, some
one of which at least
I trust will suit you
well. - They are selected from
a new lot of 100, just manufac-
tured for us, by a man who
will make to order just
what we want on short
notice. - I think that it
would be well to have at-
least one or two spare ones
on hand by you, as beside
the percentage of breakage
to be allowed for there is

the further one of wear,
- the surface becoming dim,
after a year or so of use.

The cost of eyes made
to order is considerably
more than when taken from
stock, but if you order
two or more there need be
no increase: \$15. being the
price charged at the store
where your ~~eyes~~ were obtained.

Please return promptly
the vitreous optics not
needed - If one among
the lot suit you exactly
it would be well to send
it back as a model,
meanwhile wearing the
next best, until the new
ones can be prepared when
if you desire it ~~that one~~
used can be returned.

You have now worn
the article long enough

To have prepared the cavity for a fixed
size & shape, - as I believe.

Hope you were well and doing well,
and that the pain did not squeeze you
over tightly. - My wife and I often
speak of you and your good wife, - Mrs.
Thomas says, "tell Mr. Fowzee that her
pleasant letter shall have the answer it
deserves very soon."

- Always glad to hear from you
my dear Judge and

Yours Faithfully
Charles Thomas.
