Manager "Critic" -
Fallalin Term -

Sir:

Your fa-

vor of recent date received -

Thanks for your kind opinion of
"Foriutte". I regret to say that just at
this time my engagements are such
as to forbid my complying with
your request. Literary labor being to
me but the "chinking" of an otherwise
busy life, I have to economize my
time with no little care to accomplish
the little which I have already under-
taken.

I thank you for your flattering
request and should occasion some

will send you any article I
may be at liberty to dispose of,
which would suit your columns.
I am not sufficiently well informed
in newspaper matters to venture an
opinion as to the success of the
"Critic" - I certainly hope that it
may be abundant.

Yours truly,

Henry Churton

P. S. Please send me through
Hart also a copy of your see. num-
ber - I have referred your proposition to
Wash. Trindle a premium to ~~the~~ any
publishers from whom you will
desire to receive the requisite
