My dear Mr. [unclear]

of 25th inst rec'd
I think you mistaken as to Wilcox. I think
both to a person will be with us on organization
not person against us in adjournment.

I hear, almost directly, from Trivett that W. is O.K.
This gives us hope to their 59.

The most that troubles me is that old oath,
I don't want to take it. Who is to swear us in?

Will he not administer an oath simply to be
loyal to the Constitution of U.S. & to the people
of N.C.?

Better look into this matter.
Call in a Raleigh. Amos Honor, Friday

I agree with you perfectly in what our
course should be. Amos French from views as
to the Presidency.

As far as I can ascertain all Republicans ^{in this section} elected,
are all right on the adjournment question.

Very truly yours
