

Alleboro N.C. Nov. 14th 1875.

Hon A. W. Tourgen

My dear Sir.

As the answer of Gov Holden was sent up on Saturday night - The freight train having been delayed, The application for judgment in the case of Josiah Turner jr against William M. Holden & others is withdrawn.

I would like to have the judgments in the actions of P. de. Cameron Trustee against Mayor Green & others and C. M. Sabines against William F. Atkinson returned to me this week as I go to Raleigh next week and want to close up my Court Business before I leave. You have the papers and the failure to return in the Cameron case now I suppose mere oversight as there was no objection to judgment. In the Sabines case it was only correction of a mistake asked. By attending to this if possible this week you will be much obliged
Yours very truly
John W. Graham
