Dear Albion W. Tougee,

or Sir - Your favor of 14th inst to hand addressed to me at East Aurora, N.Y. (my residence) Allow me to explain that a lecture course in East Aurora is a brand new idea and is more or less an experiment. I am taking the whole responsibility of the thing and if money is lost I lose it. If anything is made it goes to the "C. L. S. @ Town Hall fund."

Now I will remit you \$50⁰⁰ in advance if required if you will lecture in East Aurora on Dec 20th (early in Dec would suit us better but we will be glad to have you come anytime) Above will be strictly confidential and is all I can do for the first lecture. After our people hear you once however they will Olive Tree like "want more."

Very Respectfully

E. G. Hubbard
