My dear wife:

Reached here at 1:40.
Last night, West's hotel is a burn. I
had a stall till I laid myself out
to capture the people. Now, I have a
box = stall. Have tried to work ever
since I was entered at seven with the
announcement that breakfast would
be over in half an hour.

Your letter of 20th inst recd.

Bad mistake sending in case of
Prof. Jampert here. He is at Bellevue
here and is Hambert. Be careful
about names. It makes a heap
of bother.

It is cloudy and blowing
hard. Have not been inside a sleep-
ing car since leaving home

Isn't that economy? Think I shall boycott
Pallman all the way round.

God bless you all. I am very
busy. Seen nobody here yet except
Laudlow. How do you,

Yours

Albion

Sent draft for \$100 yesterday. Hope
you will get it all right
