Dear Mrs Bourjé

Your esteemed favor came to hand by yesterday's mail, an hour later I rec^d from some friends in Chicago the Inter Ocean reference to your note.

I had written a letter at Arkhaming from Mayville since I was there, and in such forgetfulness that the Judge had interrupted it and his intention of going back.

I should be only too happy to act upon your suggestion concerning "Burr's Law".

The Lincoln movement is gathering strength day by day. I have no doubt of his nomination & election. I am very busy professionally but will write you soon.

Yours faithfully,
 S. W. Allen

Mrs A. W. Bourjé
