

HEADQUARTERS
REPUBLICAN COUNTY COMMITTEE,

Clearfield, Pa., October 31, 1887.

My Dear Sir:

November 8th is Election Day. This is not far off.

I enclose you three tickets—State, Judiciary and County. I very much hope you will cast these ballots on the date named.

The importance of this election cannot be over-estimated. This is NOT AN "OFF YEAR." Great issues are at stake. 1887 IS BUT A FORERUNNER OF 1888. Is it not desirable that the Republican Party should be restored to power at Washington? Then let us carry Pennsylvania by a rousing majority this year!

A Republican victory this year will greatly aid us to win a victory next year. A Democratic triumph or EVEN A REDUCED MAJORITY, in Pennsylvania, this year, will demoralize the Republican party throughout the nation, and strengthen the Democratic position for 1888.

I repeat this is not an "OFF YEAR"; but a vitally important one. I am advised by the Chairman of the Republican State Committee that the Democrats have been carrying on an effective "STILL HUNT" for some weeks, and are hopeful of a Democratic victory, through Republican apathy and over-confidence. DON'T LET US BE CAUGHT NAPPING!!!

We need EVERY VOTE to make SURE the election of Captain Hart and Judge Williams, *and with a full Republican vote for them we will elect James Mitchell Treasurer, Jacob Mock and David S. Moore Commissioners, and the whole Republican County Ticket.*

I trust you will surely go to the polls on November 8th and vote the enclosed tickets. Endeavor to get your neighbors to vote, also.

*Yours truly
J. W. L. McDonald
Chairman*
